SEASONAL PROHIBITION ON THE POSSESSION OF MUTTON AND LANE SNAPPER IN CARIBBEAN FEDERAL WATERS BEGINS AT 12:01 A.M., LOCAL TIME, APRIL 1, 2008

NOAA Fisheries Service would like to remind fishermen there is a seasonal prohibition on fishing for or possession of mutton and lane snapper from 12:01 a.m., local time, April 1 through June 30 each year in U.S. Caribbean federal waters. Caribbean federal waters are those waters extending 200 nautical miles offshore from the 9-mile seaward boundary of the Commonwealth of Puerto Rico and the 3-mile seaward boundary of the territory of the U.S. Virgin Islands.

This action complies with regulations implemented under Amendment 3 to the Fishery Management Plan for the Reef Fish Fishery of Puerto Rico and the U.S. Virgin Islands to address required provisions of the Magnuson-Stevens Fishery Conservation and Management Act, and is necessary to protect these resources. The Caribbean Fishery Management Council, in cooperation with NOAA Fisheries Service, developed the amendment.
