- Catch and effort reports. Each vessel of the United States must report its catch and effort on each trip into treaty waters to the Science and Research Director on a form available from the Science and Research Director. These forms must be submitted to the Science and Research Director so as to be received no later than 7 days after the end of each fishing trip.

What supporting documentation do I need?

SECTION 7 - OFFICER/OWNER INFORMATION FOR BUSINESS(ES) THAT OWN THE VESSEL (cont.)

SECTION 8 - SMALL BUSINESS OR ORGANIZATION CERTIFICATION

(All Applicants must complete this section)

- For vessels that are leased, complete this section for business(es)/organization(s)/sole proprietorship(s) that lease the vessel .
- For vessels that are not leased, complete this section for the business(es)/organization(s)/ sole proprietorship(s) that own the vessel (i.e. the business(es)/organization(s) that appear on the vessel's USCG documentation or state registration).

When proposing regulations, the National Marine Fisheries Service (NMFS) is required to analyze the economic effects of such regulations on small entities (e.g., businesses and non-profit organizations). As part of the required analyses, NMFS must determine if permit applicants are large or small entities according to standards established by the Small Business Administration (SBA) and NMFS. Only one standard applies to each business or non-profit organization. The standard is based on your primary North American Industry Classification System (NAICS) code, which indicates the industry your business or non-profit organization is primarily engaged in. The industry you are primarily engaged in is based on the activity that generated the greatest gross receipts (sales) in the most recent calendar year. The SBA has also established "principles of affiliation" to determine whether a business concern is "independently owned and operated." In general, businesses are affiliates of each other when one business controls or has the power to control the other business or a third party controls or has the power to control both.

For this assessment, please estimate your annual gross receipts (sales) OR number of employees (see chart below to determine which estimate you need). Estimates of annual gross receipts must be for all businesses with which you are affiliated. Estimates of the number of employees must include all full, part-time, and temporary employees of all businesses with which you are affiliated. For example, if two businesses jointly own or lease a vessel, it is highly likely they are affiliated. **If you have any questions about affiliation, please contact Mike Travis, SERO Economist, at mike.travis@noaa.gov or call 727-209-5982.**

Please base your responses on the most recent calendar year for which you have complete data regarding your business' or organization's operations, and specify that calendar year in the appropriate box below
